Welcome to the LETTA Trust community

LETTA Trust schools are committed to working in partnership and learning from each other. Together we strive to give children the best chance of happiness and success at school and beyond; to growing active citizens with a strong moral compass that will make a positive difference in the world. Our vision is a promise to our pupils; our values determine how we work together.

Our vision

Our vision is that every child in every school in our trust:

- Loves **learning**, achieves their very best, has fun at school and feels excited about the future
- Knows how to make friends and get along well with **people**; to treat them with fairness, compassion and respect
- Grows **healthy** and strong, believes in themselves and has the confidence and resilience to follow their dreams
- Feels part of their **community**, proud of their school and inspired to make a positive difference in the world

Our values

Our values determine how we work together:

- **Aspiration:** aiming high; broadening horizons; creating possibilities
- **Innovation:** taking risks; daring to be different; pioneering research; shaping the future; leading the way
- **Equality:** inclusive; excellence for all; celebrating diversity; all for one and one for all!
- **Generosity:** open doors; collaboration; challenge and support; community-minded; team spirit; Ubuntu

Ubuntu

Our guiding principle is the philosophy of **Ubuntu**; a southern African philosophy that speaks of our interconnectedness, of the importance of relationships, of openness and generosity to one another.

“Ubuntu does not mean that people should not enrich themselves. The question is: Are you going to do so in order to enable the community around you to be able to improve?”

Nelson Mandela

“I am who I am because of who we all are.”

Joining the LETTA Trust

We have the very highest aspirations for our pupils, our staff and for the community we serve. That means providing the best possible education for children in our schools and also welcoming more schools into our Trust, sharing good practice and collaborating widely.

The Trust can grow in 3 ways:

- Schools in a stable position choose to join the Trust – this would strengthen our capacity to work with schools currently facing challenges
- The Trust may be asked by the Regional Schools Commissioner to ‘sponsor’ schools in need of support (DfE approved sponsors in Jan 2017)
- The Trust may be asked to start a new school in an area of local need

In each case, trustees decide which schools join the Trust; their duty is to assure themselves that welcoming a new school is in the long term interests of both LETTA schools and the new school. For further information on growing the Trust please refer to the Trust's ‘Growth Strategy’ document.

We understand that our strength lies in partnership; being able to facilitate staff working together in a meaningful sense is what will secure future success. All schools need to be able to fully participate. As such schools should be no further than half a lunchtime's travel from their nearest LETTA school.

Autonomy for LETTA schools

LETTA schools are equal partners who benefit from the collective advantages of Trust partnerships whilst enjoying a high degree of autonomy. Each school retains its own unique character. All schools are encouraged to innovate in terms of pedagogy, curriculum and community involvement, to continue to build their identity and secure the best outcomes for children.

Incoming schools enjoy the same autonomy by default where they have financial stability and pupil outcomes are good. If a school joins the Trust because it is struggling, the school will gain autonomy once it is performing well again i.e. good outcomes for pupils and financially stable.

Trust governance – a summary

The LETTA Trust runs the LETTA family of schools. It is a company limited by guarantee and an exempt charity which means that although it has the responsibilities that are placed upon charities it is not required to be registered with the Charity Commission or file documents there.

The Trust is constituted under Articles of Association which set out the purposes, or 'Objects', and powers of the Trust and how these are to be exercised. The Objects cannot be changed although they can be added to with the approval of the Secretary of State and the Charity Commission. The Objects in summary say that the purpose of the Trust is to establish, develop and run schools offering a broad and balanced curriculum. Although the first schools in the Trust are primary schools the Objects are wide enough to allow the Trust to run all kinds of schools, mainstream or special, and for any age range including sixth form provision.

As a company limited by guarantee and to meet the requirements of company law, the Trust has a **dual governance level**. It has:

1. **Members**, the equivalent of shareholders in a commercial limited company
2. **Trustees**, the directors of the company who together comprise the Trust Board ("TB") and who report and are accountable to the Members. The TB has overall responsibility for the performance of the schools. It discharges that responsibility by placing the responsibility for the internal organisation, management and control of the individual schools to committees known as Local Governing Boards ("LGB") and it delegates certain of its functions that relate to the Trust as a whole to other committees of the TB. The Chief Executive Officer ("CEO"), and the Chief Financial Officer ("CFO") have specific responsibility for the day to day operation of the Trust and each school has a headteacher ("HT") who reports to and is supported by the CEO and has specific responsibility for the operation of the individual school.

An LGB may include Trustees as governors. The TB appoints LGB members, who have full voting powers. In addition, the TB may appoint additional members of other committees on such terms as it considers appropriate. These members may be permitted to vote but a vote may be only be taken when a majority of those attending the meeting are Trustees.

This document sets out how those responsibilities are dealt with and how the different parts of the Trust operate. Appendix 1 shows the delegation process for a range of decisions. Appendix 3 sets out general requirements in relation to calling and attending meetings and voting.

This scheme is designed so that HTs and LGBs have responsibility for, and opportunity to focus on, curriculum, teaching, learning, educational outcomes, pupil and staff welfare and local community needs. The TB is responsible for central matters such as policy setting, financial administration, overall HR concerns and statutory compliance. Innovation and development are a shared responsibility of the TB and LGBs.

The Nolan Principles

All trustees and governors observe the Nolan Principles of:

1. Selflessness

Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends

2. Integrity

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties

3. Objectivity

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit

4. Accountability

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office

5. Openness

Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands

6. Honesty

Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest

7. Leadership

Holders of public office should promote and support these principles by leadership and example

Roles, responsibilities and terms of reference

Members

The Trust has up to 5 members. The members have overall nominal responsibility for the Trust but they exercise their functions through the TB. Each member guarantees to contribute £10 if the Trust were to become insolvent and be wound up – that is the “guarantee” implied by the term “company limited by guarantee”.

Our members all have a stake or background in education or our community or both. Members are the custodians of the Trust, acting as a 'check and balance' on the Trust's performance. To ensure a suitable degree of independence from the board, no more than 2 members will also sit as trustees.

The main powers and duties of the Members in broad terms are:

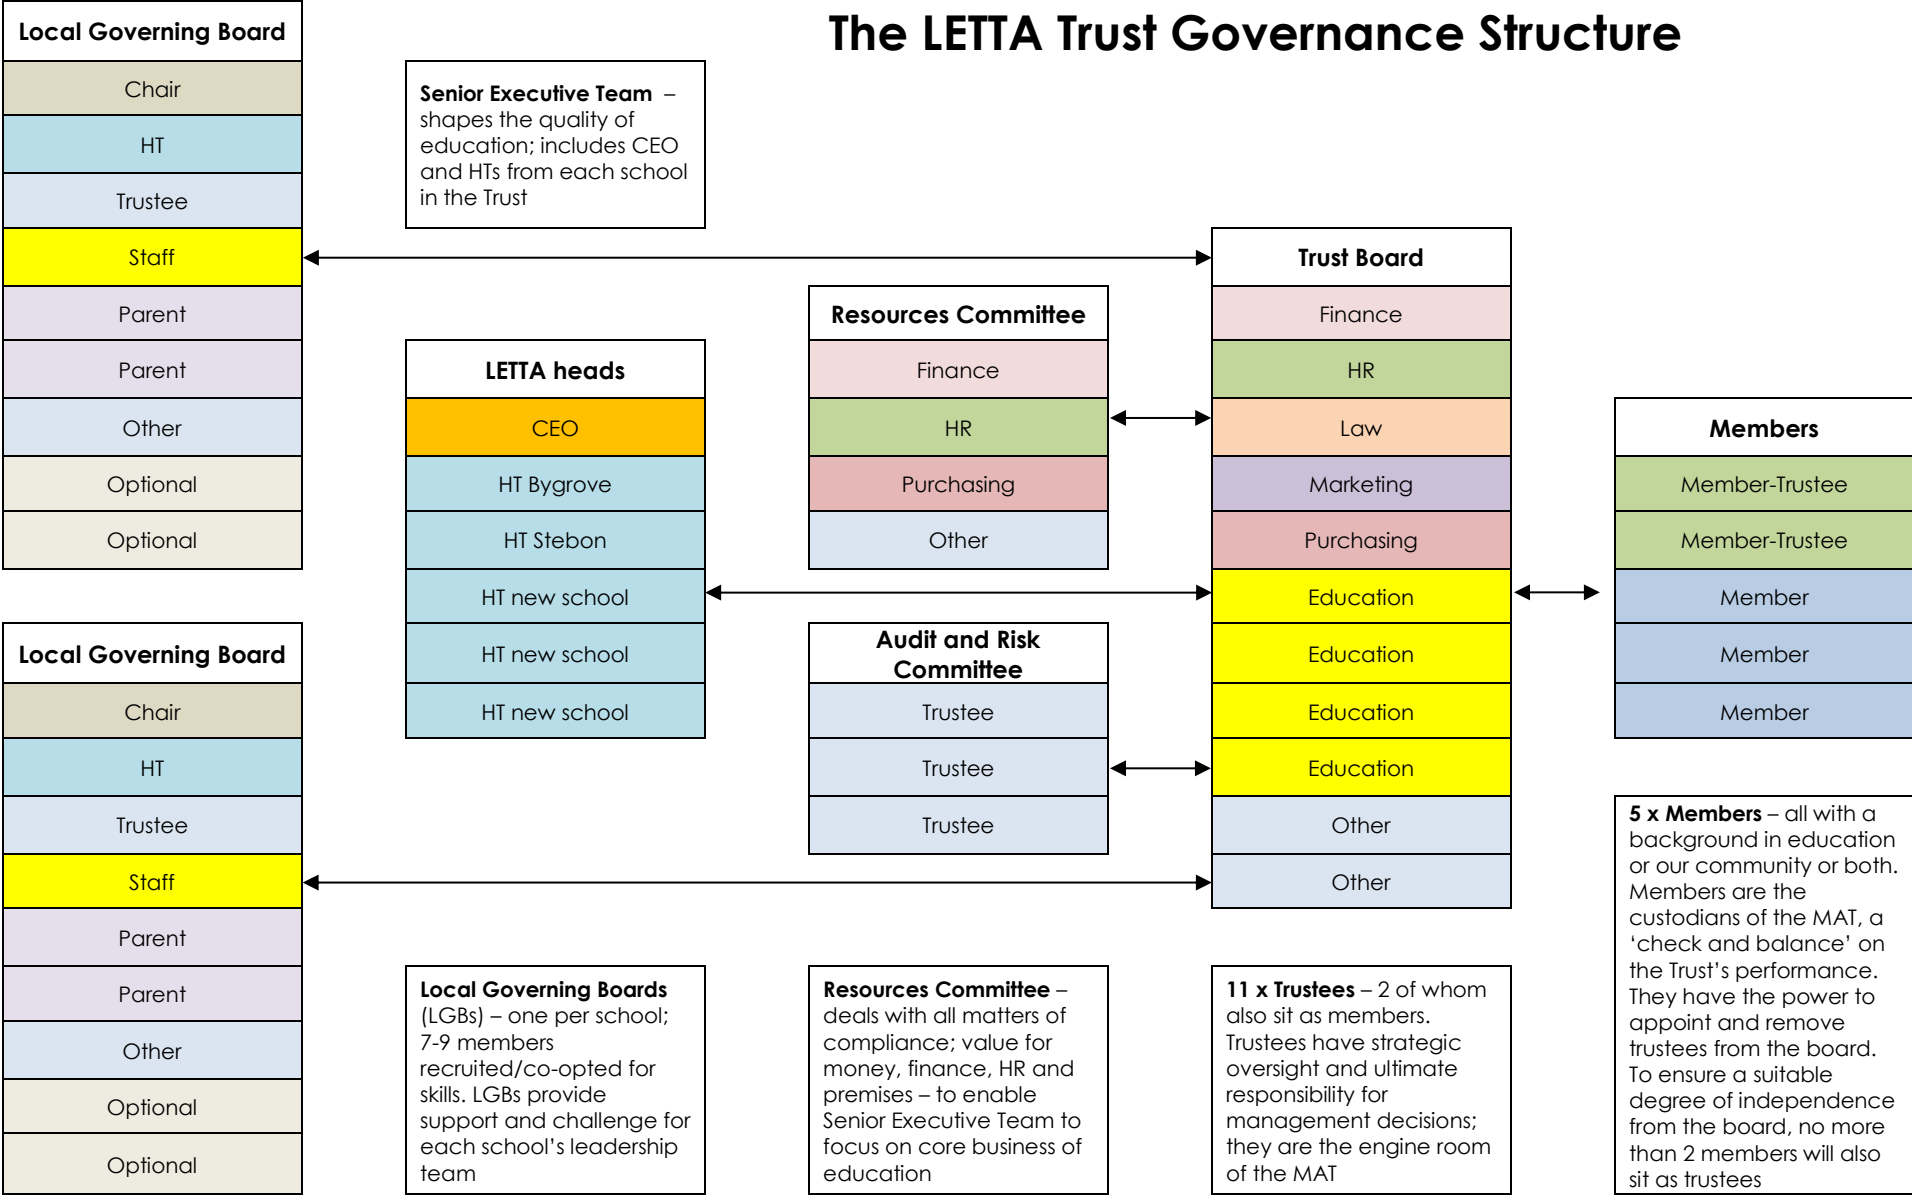

- To appoint and remove trustees
- To ensure that there are always the required minimum number of members
- To appoint and remove members
- To approve any proposed changes to the Articles of Association
- To receive the annual accounts of the Trust

Trustees

The trustees are the directors of the Trust and have a similar role to governors in local authority-maintained schools.

Appendix 4 sets out the duties of company directors and what is required of trustees and local governors in relation to conflicts of interest. The overall governance structure is shown diagrammatically as follows:

6.3 BACS Payments

6.3.1 The LETTA Trust is now able to pay supplier invoices by BACS. This also applies to staff reimbursements exceeding £15

6.3.2 BACS should be used where possible as it provides a more secure form for payment and reduces the risk of fraud. It is recognized that some suppliers will continue to require payment by cheque but these will reduce over time.

6.3.3 The following BACS procedures are to be followed:

- The same procedures should be followed as described when placing orders and when processing invoices. Cheque payments can still be processed and will still apply in some circumstances.
- All invoices must include valid and up to date bank details. The Office Managers and Finance Officer are required to maintain accurate records of suppliers. Hard copy details of supplier accounts are kept in the finance office.
- Once batches of all invoices have been processed by the Office Managers/Finance Officer, a BACS Payments Pending Report (PPR) from the finance system will be printed. This is attached with all the invoices and backing documents.
- The Office Managers/Finance Officer will confirm the PPR is true and accurate before this is passed to the Headteacher or CFO for approval. Both the Headteacher and CFO are required to check the PPR and confirm by signing the report.

- The PPR and backing papers are then handed back to the Office Managers/Finance Officer. The BACS export file is created by the Office Managers/Finance Officer via the finance system who will then enter an anticipated date for payment on the bank account.
- The finance system will automatically generate a unique BACS ref number for each supplier invoice group and this is noted next to each transaction line stated on the PPR.
- The BACS file is automatically generated via the finance system and is saved automatically to a secure file path. The Head Teacher, CFO, Finance Officer and Office Managers only have access to the import files.
- The Office managers/Finance Officer will then access the bank account and upload the BACS file securely. For each import made, a reference number is generated automatically. This number is noted down on the PPR for reference.
- The web page will show whether or not the import was successful. The CFO is notified when this action is completed.
- The CFO will then login to bank account securely via the smart card reader. The import reference number is located and the online page will show transactions awaiting approval.
- Once the batch has been checked, the CFO will approve the payment run.
- This has to be completed within the deadline payment date.
- Email remittance slips are emailed directly to suppliers by the Office Managers/Finance Officer
- All documentation are filed away in the finance offices.

6.4 Accounting system

6.7.2 The proposed purchaser must fill out a pre-numbered requisition form and ask the CEO or HT to authorise the debit card transaction. The requester must state why it is necessary to use the debit card and must also state what enquiries they have made as to whether the transaction could be carried out using an alternative method of payment (by cheque etc)

6.7.3 Credit card to be used in exceptional circumstances, where it is not possible to pay by any other means or to do so would incur substantial additional cost

Appendix 3 – Provisions relating to meetings and voting

NB. The Articles contain very detailed provisions regarding the calling of meetings, how they are conducted and voting. What follows is a brief summary and reference should be made to the Articles if particular questions arise.

Calling meetings

Meetings of members and trustees are convened by the Clerk

Meetings of members

Members must hold an Annual General Meeting. They decide when and where the meeting is held. This would normally be to decide on the appointment or removal of trustees or amendment of the Articles. The trustees must call a General Meeting if the members require them to.

14 clear days' notice must be given, i.e. for a meeting to be held on a Thursday notice must be given on or before the Wednesday two weeks before. However, shorter notice can be given if agreed to by a majority of Members. The notice of the meeting must state time and place of the meeting and should indicate in general terms what business is to be discussed. It should also state the right to appoint a proxy.

There must be a quorum present –specified in the Articles as two people entitled to attend and vote. Although all trustees are entitled to attend and speak at a members' meeting they are not entitled to vote. Therefore, trustees who are not also members do not count in the quorum.

The Members present appoint the chair of the meeting. There is no formal position of Chair of the members.

Meetings of Trustees

The Trustees must meet at least three times in each school year. The Chair (or vice-Chair in the absence of the Chair) and any 3 Trustees may require the Clerk to convene a meeting at any time and the Clerk must convene it as soon as reasonably practicable.

7 clear days' notice, together with the agenda, must be given i.e. for a meeting to be held on a Thursday notice must be given on or before the Wednesday one week before, but the Chair (or vice-Chair in the absence of the Chair) can direct shorter notice on the grounds of urgency.

There must be a quorum present which is normally whichever is the greater of 3 Trustees or one-third (rounded up) of the total number of Trustees holding office at the time – i.e. don't count vacant positions. The quorum required for a vote to remove a Trustee or to remove the chair is two-thirds of those present and entitled to vote. Note that there are special procedures set out in the Articles that have to be followed to remove the Chair or Vice-chair from office.

What is a meeting?

Under the Articles, the definition of a meeting covers not just the situation when all are present but also a video conference, an internet video facility or similar electronic method allowing simultaneous visual and audio participation and telephone conferencing. In other words, a meeting can be convened with people taking part remotely. That covers meetings of the Members (which usually will only rarely be needed) and the more regular meetings of the Trust Board. Members may also “attend” Members' meetings by giving another person a proxy vote but Trustees and LGB members cannot do this.

The condition for being entitled to attend remotely is that the person concerned has given notice of the intention to do so by giving appropriate contact details at least 48 hours before the meeting. Of course, this also depends on having the necessary equipment. Note that this is a right that an individual Trustee has. The other Trustees can agree not to insist on the 48 hours' notice.

There is also a provision under which a resolution of the Trustees that all Trustees agree with can be passed by getting each Trustee to sign a copy of the resolution and without having to hold a physical meeting – you can have several copies as long as, in total, every Trustee has signed.

Generally

So far as LGBs are concerned, the Trust Board can specify the procedures to be adopted. Normal good practice indicates that LGBs should follow the same rules. Again as a matter of good practice all meetings of Members, Trustees, LGBs and their respective committees should be clerked. This is especially important in relation to exclusion reviews.

All meetings should be minuted. Minutes should be concise and impersonal. They should record the topics discussed, the main points raised, the conclusions reached and, briefly if appropriate, the reasons for decisions. Where questions and answers need to be minuted as evidence of challenge, it is better practice that the questioner is not identified but the respondent should be. Reporting back should be by way of tabled minutes. All decisions taken under delegated authority must be reported also to the next Trust Board meeting. Minutes of those decisions should, therefore, be reported to the Clerk who will ensure that they are tabled.

Appendix 4 – The Duties of Company Directors and Conflicts of Interest

The duties of Company Directors

Company Directors are required to:

- act within their powers
- promote the success of the company
- exercise independent judgment
- exercise reasonable care, skill and diligence
- avoid conflicts of interest
- not to accept benefits from third parties
- declare any interest in proposed transactions or arrangements

Conflicts of interest

Trustees and all who have delegated responsibility are required to ensure that no conflict of interest arises. They are required to disclose and declare any business interests. The current Articles provide:

“Any Trustee who has or can have any direct or indirect duty or personal interest (including but not limited to any Personal Financial Interest) which conflicts or may conflict with his duties as a Trustee shall disclose that fact to the Trustees as soon as he becomes aware of it. A Trustee must absent himself from any discussions of the Trustees in which it is possible that a conflict will arise between his duty to act solely in the interests of the Trust and any duty or personal interest (including but not limited to any Personal Financial Interest).”

A “Personal Financial Interest” is defined in Articles 6.5 to 6.9 and is widely drafted to include companies in which the Trustee has an interest as well as interests of family members and those with whom the Trustee has business or other close relationships
