Trust governance – a summary

The LETTA Trust runs the LETTA family of schools. It is a company limited by guarantee & is an exempt charity which means that although it has the responsibilities that are placed upon charities it is not required to be registered with the Charity Commission or file documents there.

The Trust is constituted under Articles of Association which set out the purposes, or 'Objects', & powers of the Trust & how these are to be exercised. The Objects cannot be changed although they can be added to with the approval of the Secretary of State & the Charity Commission. The Objects in summary say that the purpose of the Trust is to establish, develop & run schools, which legally are academies, offering a broad & balanced curriculum. Although the first schools in the Trust are primary schools the Objects are wide enough to allow the Trust to run all kinds of schools, mainstream or special, & for any age range including sixth form provision.

As a company limited by guarantee & to meet the requirements of company law, the Trust has a **dual governance level**. It has:

1. **Members**, the equivalent of shareholders in a commercial limited company, &
2. **Trustees** who are the directors of the company & who together comprise the Trust Board ("TB") & who report & are accountable to the Members. The TB has overall responsibility for the performance of the schools. It discharges that responsibility by placing the responsibility for the internal organisation, management & control of the individual schools to committees known as Local Governing Boards ("LGB") & it delegates certain of its functions that relate to the Trust as a whole to other committees of the TB. The Chief Executive Officer ("CEO"), & the Chief Financial Officer ("CFO") have specific responsibility for the day to day operation of the Trust & each school has a headteacher ("HT") who reports to & is supported by the CEO & has specific responsibility for the operation of the individual school. The CEO will also act as CFO until a separate appointment is made.

An LGB may have Trustees as members. The TB appoints LGB members, who have full voting powers. In addition, the TB may appoint additional members of other committees on such terms as it considers appropriate. These members may be permitted to vote but a vote may only be taken when a majority of those attending the meeting are Trustees.

This document sets out how those various responsibilities are dealt with & how the various constituent parts of the Trust are required to operate. Appendix One shows the delegation process for a range of decisions that arise & Appendix Three sets out the general requirements in relation to calling & attending meetings & voting.

This scheme is designed such that HTs & LGBs have increased responsibility for & the opportunity to focus on teaching & learning, on educational outcomes, on pupil & staff welfare & on the needs of their local communities. The TB will be responsible for central matters such as policy setting, financial administration, overall HR concerns & statutory compliance. Innovation & development are a shared responsibility of the TB & LGBs.

The Nolan Principles

All Trustees & those with specific responsibilities will observe the Nolan Principles of:-

1. Selflessness

Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

2. Integrity

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.

3. Objectivity

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards & benefits, holders of public office should make choices on merit.

4. Accountability

Holders of public office are accountable for their decisions & actions to the public & must submit themselves to whatever scrutiny is appropriate to their office.

5. Openness

Holders of public office should be as open as possible about all the decisions & actions that they take. They should give reasons for their decisions & restrict information only when the wider public interest clearly demands.

6. Honesty

Holders of public office have a duty to declare any private interests relating to their public duties & to take steps to resolve any conflicts arising in a way that protects the public interest.

7. Leadership

Holders of public office should promote & support these principles by leadership & example.

Roles & responsibilities & terms of reference

Members

The Trust has up to 5 Members. The Members have overall nominal responsibility for the Trust but they exercise their functions through the TB. Each Member guarantees to contribute £10 if the Trust were to become insolvent & be wound up – that is the “guarantee” implied by the term “company limited by guarantee”.

Our Members all have a stake or background in education or our community or both. Members are the custodians of the Trust, acting as a ‘check & balance’ on the Trust’s performance. To ensure a suitable degree of independence from the board, no more than 2 members will also sit as trustees.

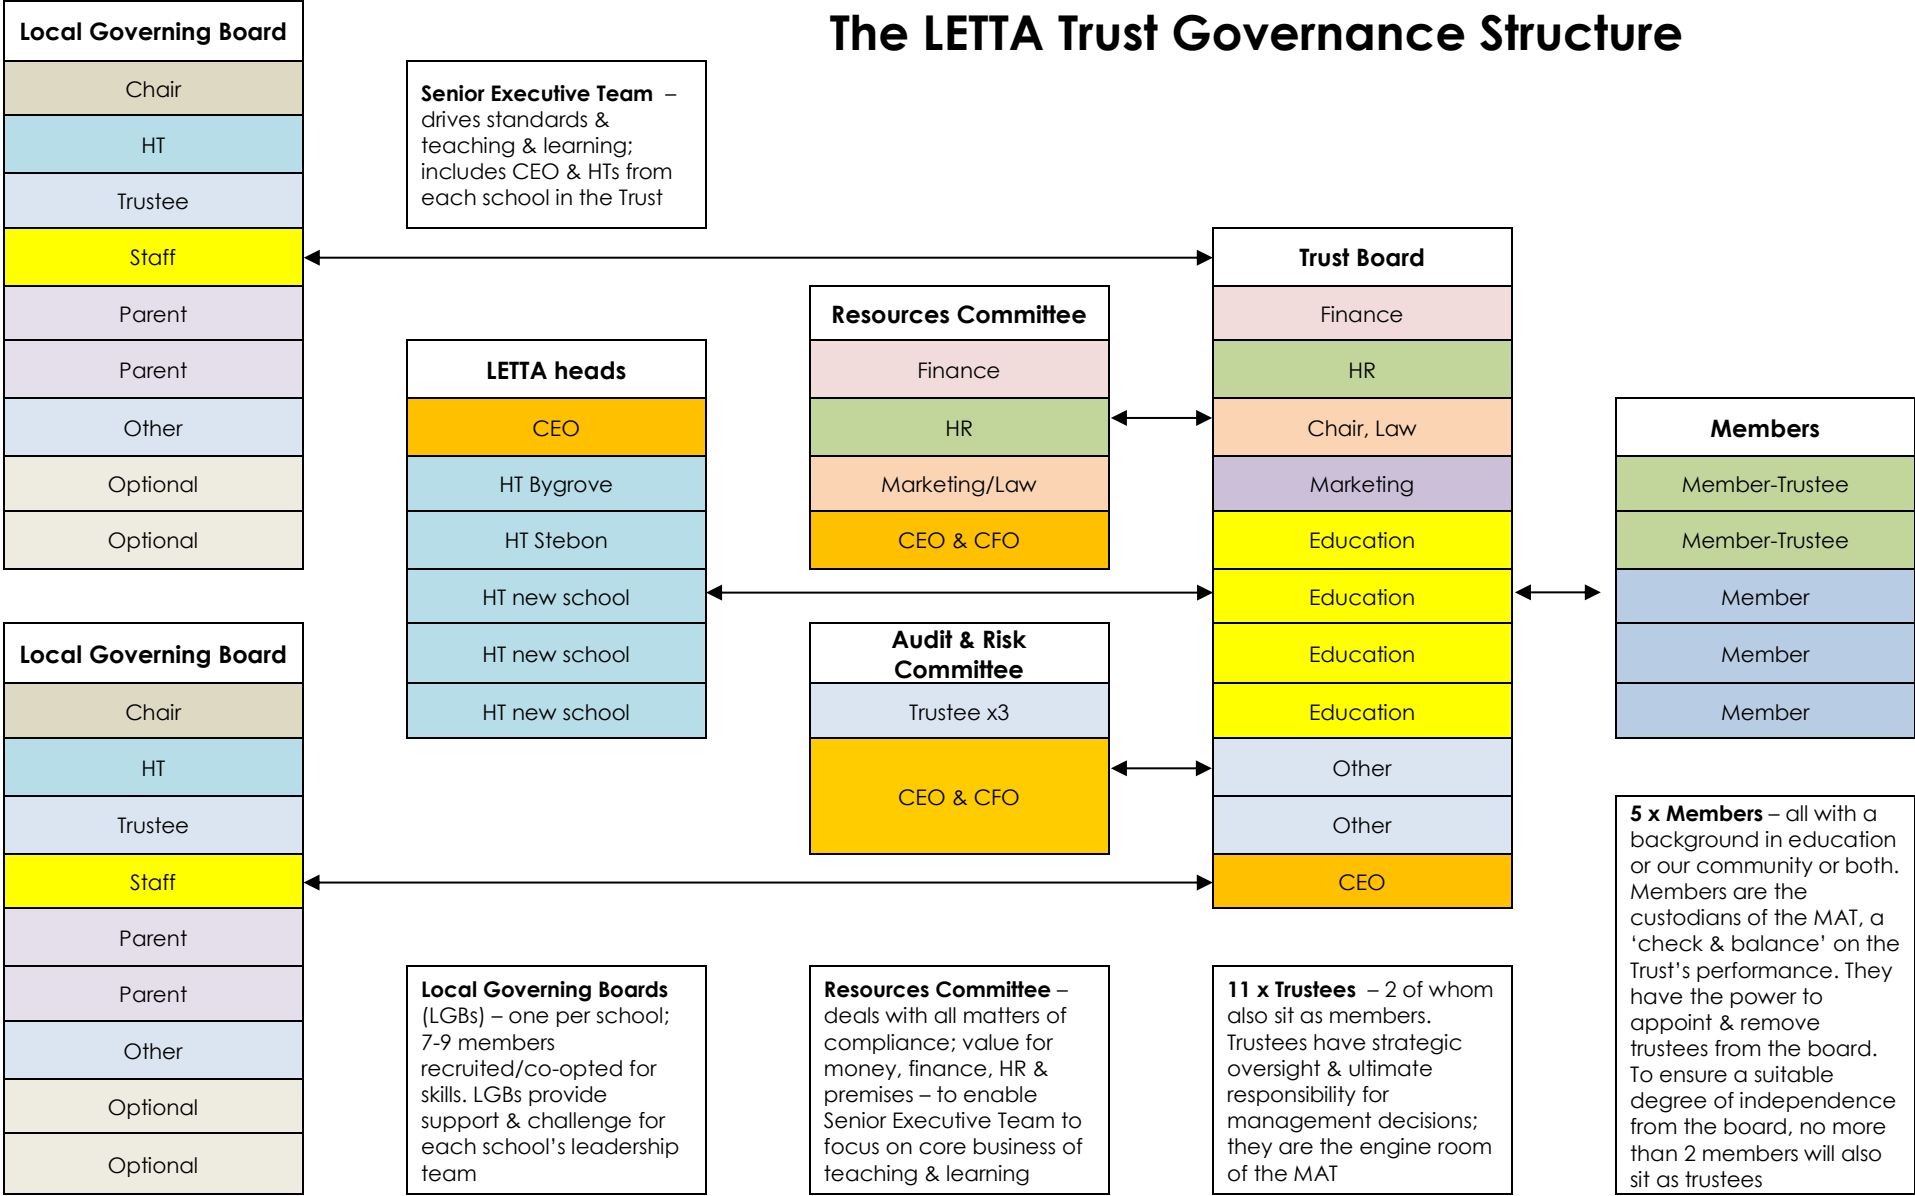

The main powers & duties of the Members in broad terms are:

- To appoint & remove Trustees
- To ensure that there are always the required minimum number of Members
- To appoint & remove Members
- To approve any proposed changes to the Articles of Association
- To receive the annual accounts of the Trust

Trustees

The Trustees are the directors of the trust & have a similar role to governors in a local authority-maintained school. Appendix Four sets out the duties of company directors & what is required of Trustees & Local Governors in relation to conflicts of interest. The overall governance structure is shown diagrammatically as follows:
